MSITE *SOCIAL VALUE*

Local Labour Reports

Allows the user to run reports covering **Local Labour**, offering the option to breakdown by **Site**, **Date** & **Contractor** in a summary or detailed view.

Local Labour Breakdown

Displays a detailed breakdown of **Local Labour** on site.

➢ Select the **Sustainability** option in the MSite toolbar on the left-hand side of the screen, then select **Local Labour Breakdown**.

➢ Select the criteria the report is to be ran using options such as:

- **Date Range**
- **Site**
- **Contractor**
- **Advanced Options**
  (See image for available options)

➢ Then click [Run] to run the report.

View worker details such as:

- **Postcode**
- **Bio ID**
- **Worker Name**
- **CSCS Number**
- **Start Date**
