

Workforce Engagement.

How to set up Engagement prompts on MSite Face Readers.

Alerts & Notifications Workforce Engagement

You can set up engagement surveys that workers will be prompted to complete when using MSite Face Readers across all sites (no site-specific option available).

These can range from simple messages with an acknowledgement button to more detailed welfare-focused questionnaires.

Choose from one of the following notification type:

- Add **image** (jpeg or png format)
- **Question** with up to 5 potential responses or just single statement with 1 answer (acknowledgement button)
- **Schedule:**
 - Start and End times
 - Number of weeks to recur
 - Choose days of the week

Please note: Only one type of notification can be used at a time.

Reports:

Questions and responses are recorded/captured in the **Questionnaire Responses** report.
