Removes Modern Slavery

Ensure cleaner, error-free contractor data and eliminate duplicates with MSite's Contractor Verification, instantly verify firms by Registration No., VAT No. or name and lock in accurate records. Override unmatched entries when needed, with every action tracked in a full audit trail.

Verified Contractor Data

MSite's Contractor Verification matches contractors to official records, ensuring consistent, accurate data while reducing errors and duplicates across projects.

Stronger Supply Chain Integrity

MSite validates contractors upfront, ensuring compliance, legitimacy, and traceability, reducing modern slavery risks and boosting reputational trust.

Duplicate-Free Verification

MSite's automatic checks against trusted databases eliminate duplicates and errors, ensuring unique, accurate contractor records and reducing admin rework.

Smarter Project Oversight

Centralised contractor data gives managers clear visibility across sites, simplifying resource management, compliance tracking, and accurate reporting.

Centralised Supply Chain Data

Verified contractor records are locked for editing, protecting key registration details and improving long-term data quality.
