

Online Inductions

Induct online. Arrive ready.

Saves Time & Money

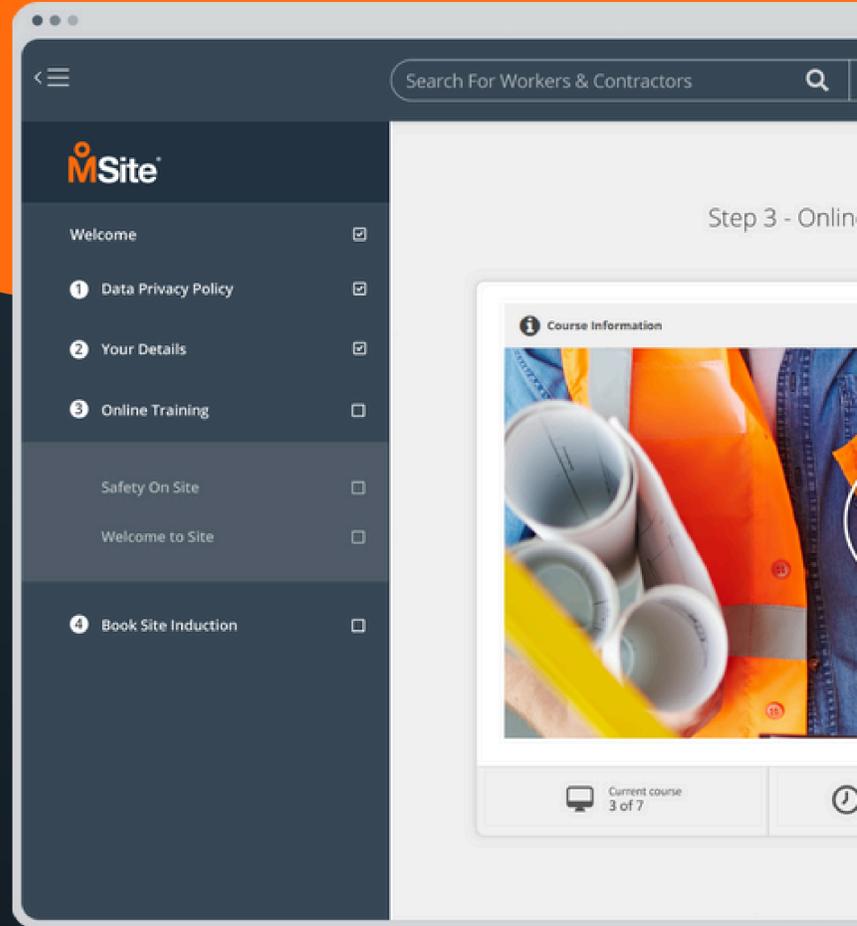

Raises Site Standards

Reduces Risk & Errors

Keep your projects moving by having workers complete inductions online before day one. With MSite's digital induction software, you can upload company, site, and role-specific content to ensure everyone arrives informed, compliant, and ready to work.

Induction Records

Easily verify which workers have completed their online inductions, with proof of completion ensuring compliance via the MSite platform.

Easy to use

MSite inductions is easy to use, once the worker has received the invitation they follow step by step instructions to complete the course.

Save Time & Cut Costs

Online inductions reduce the need for lengthy on-site sessions, allowing for a shorter, focused site orientation.

Safer Onboarding

Ensure all workers are fully vetted, qualified, and prepared before they arrive, improving compliance and site safety.

Essential Safety Info

Include key health and safety details, such as first aid arrangements, emergency protocols, and incident reporting procedures.

Full Visibility & Tracking

Easily invite workers and monitor their induction progress, with a complete audit trail for compliance.

MSite has transformed how we manage time and attendance, making it easy for supervisors to track workers with a click. The digital tools, including Online Inductions and the Supervisor App, are simple to use yet save us valuable time and money.
