

Supervisor App

Instant Accreditation Checks for Safer, Smarter Supervision.

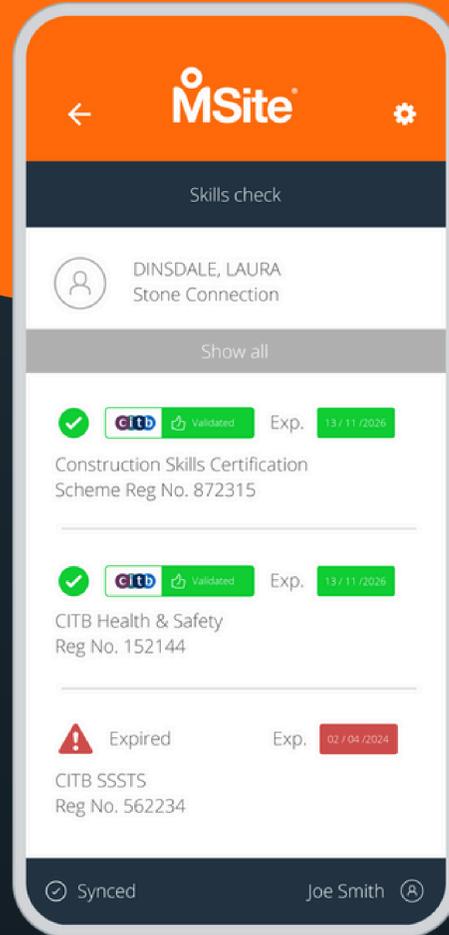

Raises Site Standards

Reduces Risk & Errors

Our Supervisor App allows you to check worker accreditations and competencies on the spot so you can check a worker has the right skillset for the task at hand.

Roll Call

Run a live, synced roll call across devices and muster points during site evacuations.

Accreditation Checks

Instantly verify worker certifications and competencies on-site to ensure the right skills for every task.

Connectivity

Works offline with WiFi or mobile data, syncing automatically once back online.

Worker Skills, Briefings & Documentation

Conduct spot checks on skills, lead briefings and toolbox talks, and capture documents—all within the app.

Fatigue Management

With MSite Fatigue, workers enter travel times each shift to aid fatigue tracking.
