

ENROLLING FINGERPRINTS

TARGET QUALITY SCORE SHOULD BE

60

OR ABOVE

- 1 Check your employees fingers and avoid fingers that look troublesome - excessively dry, dirty or damaged.
- 2 Tell your employee how to best place their finger - Flat, Central and Firm.
- 3 Instruct your employee to place and lift their finger as prompted on screen - make sure they're using the chosen finger.

If you are struggling to reach a score of 60, try the following:

Use thumbs

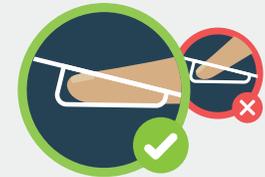

Clean fingers
if dirty

Moisturise or
wet fingers
